

IN THE CLAIMS:

Please cancel Claims 2-68, without prejudice or disclaimer of subject matter. The following is a complete listing of claims and replaces all prior versions and listings of claims in the present application:

Claim 1 (original): An information processing apparatus for controlling a peripheral, comprising:

obtaining means for obtaining a function of said peripheral; and

control means for automatically forming a user interface of a control program for controlling said peripheral in accordance with the function obtained by said obtaining means.

Claims 2-68 (canceled)
